

List of activities in kit on chemistry

Sr. No.	Activities
01	What is Chemistry (Poster)
02	Periodic Table(Poster)
03	Some Important Chemist (Poster)
04	Equipment and safety Notes
05	Solid,Liquid,Gases
06	Changing State of Matter
07	Water-Solution
08	Water Suspension
09	See The Sunset
10	oxygen
11	Fire Extinguisher Gas
12	Gas that explodes
13	Volcano
14	Osmosis
15	Crystal necklace
16	Soaps
17	Make your own Shop
18	Proteins in My food
19	Energy in My food
20	Fatty food
21	Bouncing Egg
22	Hot and Cold solutions
23	Hide and Seek
24	Neutralization
25	Turmeric Indicator
26	I can make indicator paper
27	Climbing colours
28	Rainbow colours in my test tube
29	I can make pH Paper
30	Forensic Science
31	Steal a picture
32	Lift the fingerprints
33	Secret messages
34	Mouthful chemicals
35	Chemistry of fresh flowers
36	No mystery just chemistry
37	Copper cover on the nail
38	Plastics
39	Make your own plastic

40	Let's play in clay
41	Carbon cycles
42	Carbon and its allotropes
43	Game-Chem cards
44	Game-Atom zig saw puzzle
45	Ball and Stick model
