

Technical Report

Presented by

Ananda Barpanda, Balanger, Odisha II group

Respected Guests on the desk

and my dear VIPNETians of

five States of local organisers, print & electronic media

On the first day of the Regional meet of the Vipnet Club members i.e. 3/9/2012, 9.30 a.m. the programme was inaugurated by Chief Guest Ved Prakash, Commissioner, Municipal Corporation, Gwalior, Dr. S J S Flora, Asstt. Director DRDE Gwalior, Shri B.K. Tyagi, Principal Scientific Officer, Vigyan Prasar, New Delhi, Dr. Rakesh Upadhyay, Scientist, VP, Dr. Rajiv Jain, HoD Deptt. of Chemistry, Shri Sunil Jain, Secretary, Yuva Vigyan Parishad, Gwalior, Sh. S.C. Arora, Programme Coordinator of this programme. Madam Saxena welcome all the guests on the desk.

Sh. Sunil Jain, Secretary, YVP, Gwalior in his keynote inaugural speech told that Gwalior is the centre of music. Dr. B.K. Tyagi, Scientist D, told that we have to activate all the VIPNETians all over the country. Science should be co-related with the society to remove superstitions and myths in solving miracles to take the frontier of science in a befitting manner.

Sh. Ved Prakash, emphasised that there is no other substitute than science. Dr. S.J.S. Flora in his inaugural speech stressed upon basic science education which is the backbone of science & technology. He informed that his ground water is being contaminated by Arsenic, lead, mercury etc. Dr. Rajiv Jain stressed upon social superstitions & food adulteration. Dr. Rakesh Upadhyay emphasised role of Vigyan Prasar to catalysed various scientific activities towards the country at the grass root levels.

Vote of thanks

1st Session

H L Choudhury, Joint Director, Public Relation Officer, Gwalior, told that we are coward before religion, social taboos, we have to spread the message to the rural people and make them aware about scientific phenomena. Dr. B.K. Tyagi, emphasise us to give report on the last day from the 5 States group leaders & present it to Vigyan Prasar. After that lunch break was declared by Shri Sunil Jain.

2nd Session started with the self introduction by the participants from 5 States, after the introduction Tyagi Sir presented new objectives of VP in a befitting manner. It was very nice & heart touching to us.

At 3.45 p.m. the session started with toys making activities by Smt. Chhaya Saxena of Gwalior. She explained how to make toys that can be used to convey the message of biodiversity conservation.

At 4.45 p.m. hands on activities fro VIPNET Club (Origami) by Premananda Chaturvedi was demonstrated in front of the participants in a curious, creative & clever manner How origami could be linked with head, hand and heart (3H), so that the phobia towards mathematics could be solved. He demonstrated various models with the help of colour papers all the participants also prepared models.

At 7.00 p.m. cultural programme was organized by local artists of Bundelkhand. After that Dinner was served for the participants.

Day Two 04/09/2012

At 9.10 a.m., effective event management through power point presentation by Shri Pawan Pareek, Chandra Foundation, Rajasthan was very interesting, innovative as well as informative. Rudyard kiplings poem was recited by him & he stressed upon 5 w & 1H.

Pre-programme press release
Regional meet for VIPNET Clubs
(Central Region)

To
The Editor

Dear Sir,

Namaskar!

You are happy to know that Vigyan Prasar, New Delhi an autonomous organisation under Deptt. of Science & Technology, Govt. of India and Yuva Vigyan Parishad, Gwalior, M.P. jointly organizing a 3-day regional meet for science clubs & VIPNET clubs from 3rd sept. 2012 to 5th Sept. 2012 at Hotel Navratan, Gwalior. About 110 participants were selected from five States i.e. Odisha, M.P. , Chattisgarh, Bihar and Jharkhand to attend the meet. the meeting will be focussed on understanding the importance of VIPNET Clubs and how to run a science club in a sustainable way. Some activities will be finalised for next two years i.e. "National Minimum Common Activities-NMCA" after the open discussion. Besides that a session will be organized on how to maintain club records, how to write club activity report, a press release and how we can generate funds for our clubs. Some science communicators resource persons and experts also invited to conduct various session.

Dear Sir, the present age is known as age of science & technology. We can't deny the facts of science. But unfortunately there are so many wrong concepts and blind beliefs in our society. So the main aim of our VIPNET Club is to popularized science among common people. Here we will have got some national level communicator

from five States. So you are kindly requested to co-operate, co-ordinate and collaborate us to place this news in a special column in your newspaper so that people can know about the programme. You are also requested to cover the daily event of the meet in your newspaper.

A detail programme list is attached here with for your reference and co-ordination.

Yours faithfully

Co-ordinator
