Celebration of National Science Day at NABI

By Sunderarajan Padmanabhan

New Delhi, March 17: NABI and CIAB jointly celebrated National Science Day 2020 with theme 'Women in Science' on February 28. Many women scientists and invited speakers graced the occasion and spoke about hurdles faced by women scientists and highlighted several ways forward and scientific opportunities for women scientists.

More than 200 scientists, students and staff attended the event and participated in the competitions with theme 'Let's inspire and grow together' and 'Smart ideas for progressive Punjab'.

Best performing research support staff was appreciated at the event. Best 3 entries from both themes were awarded. It was very nicely organised event and achieved the target of spreading positive energy among women scientists.
