

DBT's 6th Webinar Series on Research Ethics
Purity of Data, Publication Ethics and Plagiarism

The DBT's 6th webinar (First of year 2020) on Research Ethics will be live on 10th January 2020 (3-4 pm). The webinar will be moderated by Principal Scientific Advisor (PSA), Government of India, Dr. K Vijay Raghavan, and the speakers will Dr. Mukund Thattai (National Centre for Biological Sciences), Dr. Sunil Mukhi (Indian Institute of Science Education and Research, Pune), Dr. Saman Habib (Central Drug Research Institute), and Dr. Rashna Bhandari (Centre for DNA Fingerprinting and Diagnostics, Hyderabad).

Discussion among leading researchers will focus on ethical practices in research especially on data, publications and plagiarism. Speakers will discuss "National Policy on Academic Ethics" in detail

Panel will discuss importance of research ethics, acceptable and unacceptable forms of data processing, authorship and predatory journals, plagiarism: how to identify and avoid it? At end there will be a question answer session in which experts will respond to the question and queries of audience.
