

## **DBT's CCAMP launches accelerator to fasttrack COVID-19 related innovations**

The Centre for Cellular and Molecular Platforms (C-CAMP) launches accelerator to fast-track COVID-19 related innovations. The India's startup ecosystem, both founders and investors are looking on business continuity, fundraising and future outlook. According to a CNBC-TV18 report, the C-CAMP has launched C-CAMP COVID-19 Innovations Deployment Accelerator or C-CIDA to identify and fast-track immediately deploy-able or nearready COVID-19 innovations across India. The accelerator, which was launched on 26<sup>th</sup> March 2020, has so far selected 18 near deployment-ready COVID-19 innovations across critical categories such as rapid diagnostic kits, assisted respiratory devices, remote vital stats monitoring systems, and several others. CNBC-TV18 spoke to Dr. Taslimarif Saiyed, CEO and director at C-CAMP and discussed about the innovations that are coming out of the accelerator.
