

ILS and NASI co-organised a National Conclave on S&T Interventions for the Welfare of Scheduled Tribe Population

The Institute of Life Sciences (ILS), Bhubaneswar and the National Academy of Sciences (NASI), Allahabad organised a two day national conclave aimed at promotion of tribal welfare and development through S&T interventions from 24th - 25th, February 2020.

At the national conclave, experts discussed the outcomes of the several projects implemented across the country by NASI on science and technology applications for the welfare of tribal populations with support of the Department of Science and Technology (DST), Government of India.

The conclave was graced by the presence of Dr. Manju Sharma, Sh Milind Kamble, and Prof. G Padmanaban among other dignitaries. The Hon'ble Minister for State for Scheduled Caste and Schedule Tribe Development, Minorities and Backward Classes Welfare, Govt. of Odisha, Shri Jagannath Saraka as well as Hon'ble Minister, Food Supplies & Consumer Affairs and Co-operation, Govt. of Odisha, Shri Ranendra Pratap Swain addressed the delegates attending the conclave. Around 400 delegates attended and participated in the conclave.
