

## KIIT organised a training programme on ‘Empowering Changemakers in Biopharma Sector’

KIIT-Technology Business Incubator, KIIT University, Bhubaneswar organised a training programme on ‘Empowering Changemakers in Biopharma Sector’ from 3–5 March, 2020 with support of National Biopharma Mission, Department of Biotechnology, Government of India implemented by Biotechnology Industry Research Assistance Council (BIRAC).

Participants and experts who attended the training programme

The KIIT-Technology Business Incubator, Bhubaneswar is one of the best bioincubators with state-of-the-art facility and infrastructure in the country. Recognizing the need to create awareness and build capacity in multi-disciplinary areas, the workshop was focused on the following topics 1) Intellectual Property Rights 2) Regulatory Compliance 3) Grant Writing 4) Scientific Writing 5) Design Thinking and 6) Business Development. Sessions on these important topics were covered industry resource persons and domain experts.

The workshop is in line with the mandate of the National Biopharma Mission to support drug discovery and early product development as well as enhance capabilities of human resource in

biopharmaceuticals as well as biomedical devices to a globally competitive level over the next decade. Biotech Consortium India Limited (BCIL) is the Management Agency for organizing skill development programmes across the country.
