

A deep depression is likely over East-central and adjoining southeast Arabian Sea during the next 12 hours and may intensify into a cyclonic storm over the east-eastern Arabian Sea during the subsequent 24 hours. It is very likely to move towards north Maharashtra and south Gujarat coasts between Harihareshwar (Raigad, Maharashtra) and Daman during evening/night of 3 June 2020.

The INCOIS-IMD weather advisory warns fishermen not to venture out to the southeast Arabian Sea, Lakshadweep area, and along & off Kerala coast during the next 48 hours. Fishermen are also advised not to venture into the east-central Arabian Sea along & off Maharashtra coast and the northeast Arabian Sea along & off Gujarat coast from 3 June 2020 to 4 June 2020
