**Cabinet approves Memorandum of Understanding between India and Brazil on
Cooperation in the field of Geology and Mineral Resources**

The Government of India on 22 January, 2020 (Wednesday) accorded an approval for a pact to be signed between **India** and **Brazil** for cooperation in the field of geology and mineral resources.

The Union Cabinet led by Prime Minister Shri Narendra Modi has given its endorsement to the MoU. The MoU would help building an institutional mechanism between both the countries for collaborative efforts in the field geology and mineral resources. The MoU is to be signed between India's Geological Survey of India, Ministry of Mines of the Republic of India and Geological Survey of Brazil - CPRM, Ministry of Mines and Energy of the Federative Republic of Brazil.
