**Weather Advisory from IMD: Wet spell over northwest, central & east India during
31st December, 2019 to 3rd January, 2020**

The India Meteorological Department, Ministry of Earth Sciences, Government of India announced that a fresh Western Disturbance is likely to occur in the Western Himalayan region from the night of 30th December 2019. Under its influence, there is a possibility of light/moderate scattering in the western Himalayan region (Jammu and Kashmir, Himachal Pradesh and Uttarakhand) from 31 December to 3 January 2020 for fairly wide rainfall with extreme intensity on 2nd January 2020.

Due to interaction between Western disturbance and lower level easterlies from 31st December 2019 onward, Scattered to fairly widespread rainfall with thunder/hailstorm at isolated places in Madhya Pradesh, North Rajasthan, Uttar Pradesh, and Chhattisgarh during December 31, 2019, to January 2, 2020, and Odisha, Jharkhand & West Bengal on 1st and 2nd January 2020
