

**Postponement of International Conference on Challenges of Air Quality in Global Megacities (CAGMe-2020)**

The Atmospheric Pollution and Human Health (APHH) International Conferences on Challenges of Air Quality in Global Megacities at Indian Institute of Tropical Meteorology, Pune is officially postponed until further notice due to COVID-19 situation in India and elsewhere. A fresh date would be communicated as soon as the situation is more conducive for such a gathering. Online registration and abstract submission option shall remain open until further notice.

The conference will include overview talks, two to three talks in each session, thematic panel discussions, selected oral presentations and poster displays.

**Theme of the event**

- ❖ Extreme Events and Emerging Challenges;
- ❖ Air Quality Modelling and Multi-hazard Early Warning System;
- ❖ How Science of Air Quality Forecasting Shapes Action;
- ❖ Emission Inventory and Source Apportionment;
- ❖ Air Quality and Monsoon/Climate Change;
- ❖ Air Quality and Human Health;
- ❖ New Technology- Low Cost Sensors, Controls and Stubble Fire and
- ❖ Air Quality Management, Mitigation and Social Dimensions.
