Stay Indoor: IMD alert for very heavy rainfall in Konkan, Goa, Madhya Maharashtra, and Gujarat

India Meteorological Department (IMD), Ministry of Earth Sciences is issuing an alert for Konkan & Goa, Madhya Maharashtra and Gujarat predicting very heavy rainfall during the next 5 days.

As per IMD, conditions are becoming favorable for further advance of Southwest Monsoon into some more parts of north Arabian Sea, Gujarat and Madhya Pradesh, remaining parts of Chhattisgarh, Jharkhand and Bihar and some parts of East Uttar Pradesh during next 24 hours.

“Western disturbance and east-westerly wind from northwest Rajasthan to coastal Odisha moving at lower tropospheric levels have created conditions that are favorable for heavy rain falls to continue over the northeast and adjoining east India during next 3-4 days”, said IMD.

IMD has issued a strong wind alert for Southwest & adjoining West-central Arabian Sea, central Bay of Bengal, and east-central Arabian sea during the next four days. **Fishermen are advised not to venture into this area during the period mentioned.**
