IMD issues heavy rainfall alert for Tamil Nadu, Puducherry and Karaikal

New Delhi, November 16, 2020 (Vigyan Samachar)

India Meteorological Department (IMD) is issuing an alert for Tamil Nadu, Puducherry & Karaikal predicting heavy rainfall during the next two days. There is also possibility of heavy rainfall in Coastal Andhra Pradesh today 16th November 2020 and Kerala during 17-18 November 2020.

As per IMD, cyclonic circulation lies over south Pakistan & adjoining West Rajasthan at lower troposphere levels tilting southwards creating favorable conditions for very heavy rainfall in Jammu & Kashmir, Gilgit-Baltistan & Muzaffarabad, and Himachal Pradesh today.

Scattered rainfall is likely over Peninsular India, Lakshadweep, and Jammu & Kashmir during 21-23 November 2020. However, dry weather very likely to prevail over most parts of northwest India during the period mentioned said an IMD official.

As per the National Weather Forecasting Centre, IMD forecast, there is a heavy probability of thunderstorms with lightning in Rayalaseema, Tamil Nadu, Puducherry, Karaikal, Kerala, Mahe, and Lakshadweep during the next five days.
