

13th Annual Review meeting of Gramin Krishi Mausam Sewa (GKMS) and FASAL at Rajmata Scindia Krishi Vishwa Vidyalaya, Gwalior

13th Annual Review Meeting of Gramin Krishi Mausam Sewa (GKMS) and FASAL are being jointly organized by Indian Meteorological Department (IMD) and Indian Council of Agricultural Research (ICAR) at Rajmata Scindia Krishi Vishwa Vidyalaya, Gwalior, from 18 to 20 December 2019.

DR. M. Mohapatra, Director General of IMD, participated as Chief Guest in the event. Dr. Mohapatra while addressing the participants highlighted role of Agromet Advisory Services (AAS) in managing the crop/live stock.

These advisories help farmers take advantage of the favourable season and reduce the adverse effects of malevolent weather. These services have contributed significantly to increasing agricultural productivity and thus improved food security in India.
