## **High wave and wind alert for Tamil Nadu and heavy rain alerts for different region of India**

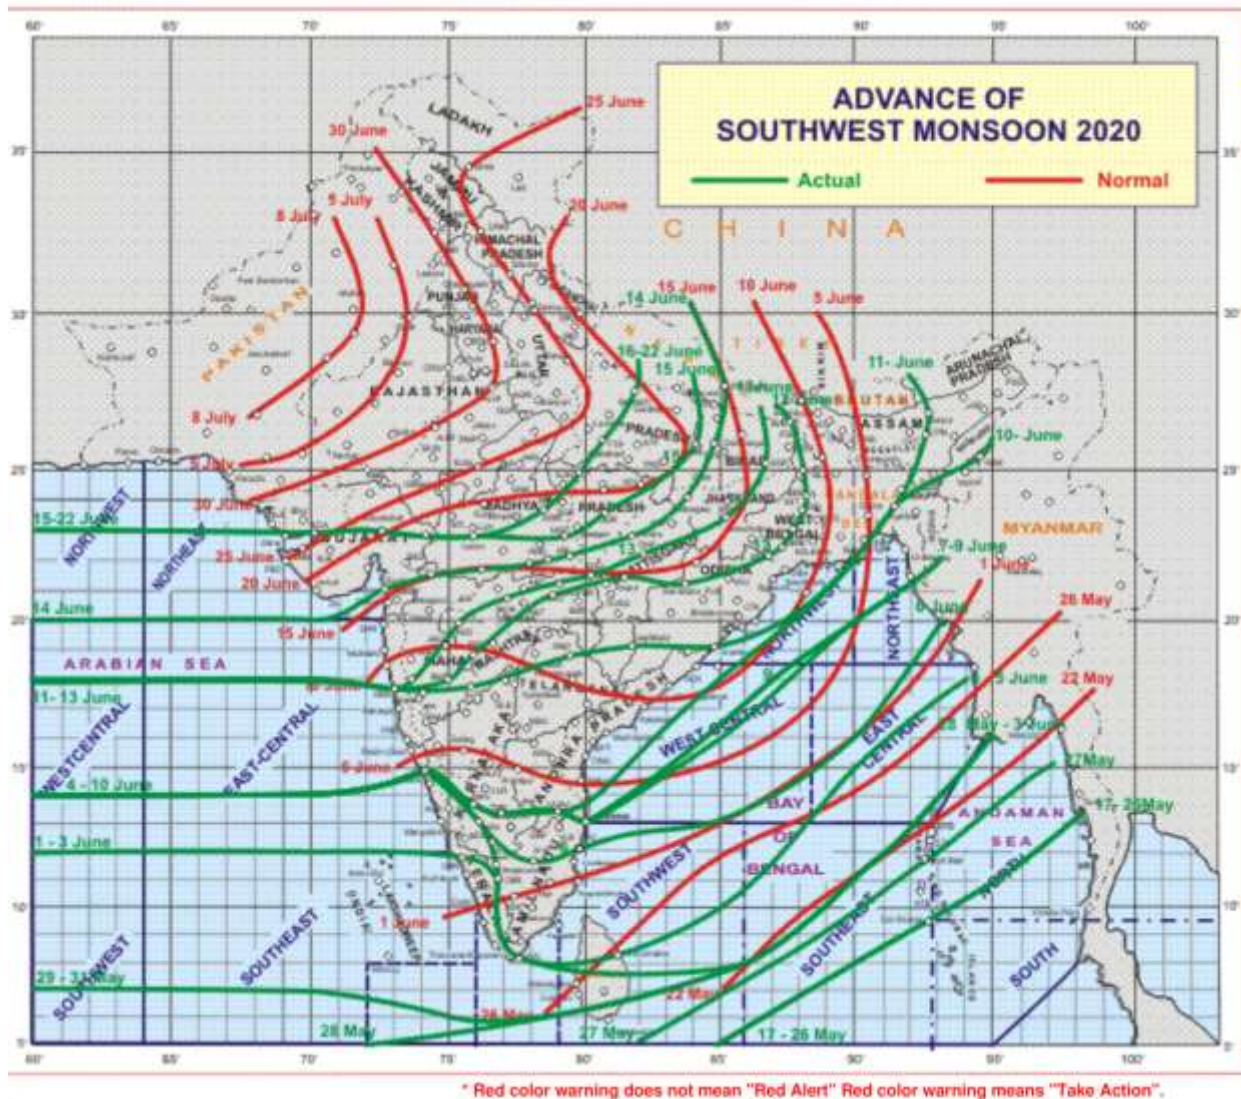

Mohammad Faiyaz Anwar

A high wind alert has been issued by the ESSO-Indian National Center for Ocean Information Services (INCOIS) for Tamil Nadu South and high wind alert for Gujarat, Maharashtra, Kerala, Karnataka, Andhra Pradesh, Andaman and Nicobar, and Lakshadweep during the next 48 hours. Fishermen are advised not to venture into this area during this period.

As per India Meteorological Department (IMD), conditions are becoming favorable for further advance of Southwest Monsoon into some more parts of the Madhya Pradesh, Uttar Pradesh, and Uttarakhand during next 24 hours. Condition is also favorable for the entire Western Himalayan Region, Haryana, Chandigarh & Delhi, most parts of Punjab, remaining parts of the Arabian Sea, Gujarat state, Madhya Pradesh & Uttar Pradesh and some parts of Rajasthan during subsequent 48 hours.

The IMD warns of extremely heavy rainfall in sub-Himalayan West Bengal and Sikkim on 25 June 2020 and Assam and Meghalaya from 25 June to 26 June 2020.

Western disturbance and strong southerly winds from the east-central Bay of Bengal and neighborhood to west-northwest moving at lower tropospheric levels have created conditions that are favorable for heavy to very heavy rainfall over northeast & adjoining east India during next 3-4 days said IMD.
