Study tour programme at National Centre for Earth Sciences Studies

National Centre for Earth Science Studies (NCESS), Ministry of Earth Sciences, Government of India organized a study tour program on 19 February 2020 at NCESS, Thiruvananthapuram, India.

A 22-member team of physics students along with two faculties from Baburaoji Gholap College, Pune participated in the programme. Visiting Students Committee Scientist of HyP-G (Hydrological Processes) & President Dr. K. Anoop Krishnan welcomed the students.

Director of NCESS Dr. N. Purnachandra Rao inaugurated the function and addressed the students with a scientific and inspirational talk about modern scientific and technological research and development studies of importance to India in the field of Earth Sciences. Students watched short films on NCESS activities, visited various scientific laboratories of NCESS and interacted with the concerned scientists to have a first-hand view on scientific activities.
