Rough Sea alert for Gujarat and other parts of country: Fishermen advised not to venture out

New Delhi, November 09, 2020 (Vigyan Samachar)

A rough Sea alert has been issued by the ESSO-Indian National Center for Ocean Information Services (INCOIS) for Gujarat, Kerala, Maharashtra, Goa, Karnataka, Lakshadweep and Tamil Nadu during next 48 hours. Fishermen are advised not to venture into this area during this period.

As per India Meteorological Department (IMD), there is likelihood of a cyclonic circulation over Equatorial Indian Ocean & adjoining South Andaman sea extending up to 1.5 km above mean sea level to persist and East Bihar & neighbourhood at 3.1 km above mean sea level to persist during next 48 hours. Fishermen are advised not to venture out during this period.
