

Study taken up on anti-COVID activity of select medicinal plants

New Delhi, Feb 01: A study on the anti-SARS-CoV-2 activity of selected medicinal plants and formulations in cell culture model of virus infection has been sanctioned under the “DBT-AYUSH Network on R&D Activities related to SARS-CoV-2 Virus and COVID-19 Disease” Project.

Titled “Sub-Network 1: Studies on anti-SARS-CoV-2 activity of selected medicinal plants and formulations in cell culture model of virus infection”, the study is being implemented jointly at Institute of Bioresources and Sustainable Development (DBT-IBSD), Imphal, DBT-Regional Centre for Biotechnology (DBT-RCB) and Jadavpur University, Kolkata. Appointment of project staff has been done and work is under progress.
