DBT-IBSD distributes sanitizers and disinfectants to school in Shillong

New Delhi, Nov 10: With the partial opening up of schools, regular cleaning and disinfection of school premises has become an integral part of the fight against COVID-19 pandemic. The Department Of Biotechnology’s Institute of Bioresources and Sustainable Development (DBT-IBSD) at Shillong, Meghalaya, under the initiative of its Director Prof. Pulok K. Mukherjee is actively engaged in the distribution of sanitizers and disinfectants made by the Institute to various educational Institutes in Shillong and to educate the staff and students about regular hand hygiene and disinfection to combat the pandemic.

A distribution programme was held at St. Gabriel Higher Secondary School, 3rd Mile, Upper Shillong in the presence of Sister Modesta and teaching Staff on 30-10-2020. The various centres of DBT-BSI located in different parts of North East India are actively participating and serving the society to overcome the pandemic under the leadership of Prof. Mukherjee.
