This unprecedented situation forced us to see the world from a completely novel perspective where, staying home, social distancing and digital collaborations are the new normal. During this Covid-19 pandemic, Institute of Bioresources & Sustainable Development (IBSD), India is determined to contribute to the society through integrated and synergistic approach by leveraging digital platform.

Society for Ethnopharmacology (SFE)-India is committed to globalization of local knowledge and localization of global technology in the research and development of ethnopharmacology and ethnomedicine.

International Society for Ethnopharmacology (ISE) is concerned about understanding the medicinal uses of plants in traditional societies. It seeks to comprehend the cultural and the pharmacological dimensions on use of medicinal plants everywhere.

International Webinar Series Session-27

Reimagine Ethnopharmacology

Date and Time
20th Feb 2021
6:00 PM (IST)

Moderator

Prof. Pulok K. Mukherjee
Director
Institute of Bioresources & Sustainable Development (IBSD), An Autonomous Institute under DBT, Ministry of Science and Technology, Govt. of India

Speakers

Prof. Ashis K. Mukherjee
Director
Institute of Advanced Study in Science and Technology, Dept. of Science & Technology, Ministry of Science and Technology, Govt. of India, Guwahati, Assam, India

Dr. Anastasia Karloti
Assistant Professor
Dept. of Pharmaceutical Sciences, School of Pharmacy, Aristotle University of Thessaloniki, Thessaloniki, Greece

Topics:

- Identification, pharmacological re-assessment, and conservation of medicinal plants used traditionally for the treatment of snakebite in India
- *Origanum dictamnus*: a plant from ancient Greece till modern times. Analysis of its chemical content and evaluation of its relaxing effect on rabbit intestine

To witness the digital revolution in natural product, ethnomedicine and ethnopharmacology join us.
