

Report of Biosafety Support Unit (BSU) of DBT-RCB

New Delhi, Nov 20: Biosafety Support Unit (BSU) of DBT-Regional Centre for Biotechnology (DBT-RCB) received and assessed 35 applications. These contain 24 Biopharma and 11 Agriculture applications. Further, 06 Covid-19 related applications were processed in fast track mode.

The BSU had also prepared the Agenda of the 193rd RCGM meeting. IBKP Team assessed new and revised IBSC submissions of which 12 IBSCs were found to be complete and registered. The fourth interactive session for IBSCs registered on IBKP was held on November 05, 2020. The session was primarily organized for making the IBSCs well versed with the current rules and guidelines as well as the responsibilities of member secretaries, as detailed in the handbook for Institutional Biosafety Committees (IBSCs), 2020. The interactive session was attended by 44 participants from Universities, Institute and Private organizations. The presentations were received well by the Member Secretaries, IBSC and other members, who actively participated in the session, the question-answer round was highly appreciated by everyone.
