This unprecedented situation forced us to see the world from a completely novel perspective where, staying home, social distancing and digital collaborations are the new normal. During this Covid-19 pandemic, Institute of Bioresources & Sustainable Development (IBSD), India is determined to contribute to the society through integrated and synergistic approach by leveraging digital platform. Society for Ethnopharmacology (SFE)-India is committed to globalization of local knowledge and localization of global technology in the research and development of ethnopharmacology and ethnomedicine. International Society for Ethnopharmacology (ISE) is concerned about understanding the medicinal uses of plants in traditional societies. It seeks to comprehend the cultural and the pharmacological dimensions on use of medicinal plants everywhere.

International Webinar Series Session-26

Reimagine Ethnopharmacology

Date and Time
6th Feb 2021
6:00 PM (IST)

Moderator

Prof. Pulok K. Mukherjee
Director
Institute of Bioresources & Sustainable Development (IBSD), An Autonomous Institute under DBT, Ministry of Science and Technology, Govt. of India

Speakers

Prof. Ashwani Pareek
Executive Director
National Agri-Food Biotechnology Institute & CEO
Center of Innovative and Applied Bioprocessing
Sector-81 (Knowledge City), S.A.S. Nagar, Mohali, Punjab, India.

Prof. Rawiwan Charoensub
Vice Dean
School of Integrative Medicine,
Mae Fah Luang University,
Chiang Rai, Thailand

Topics:

- Decoding the natural mechanisms of abiotic stress tolerance in rice
- The potential of Thai Medicinal Plants against Viral infection

To witness the digital revolution in natural product, ethnomedicine and ethnopharmacology join us.

Registration link: <https://event.webinarjam.com/channel/RE-Session-26>

Speakers were Dr. Ashwani Pareek, Executive Director, National Agri-Food Biotechnology Institute & CEO, Center of Innovative and Applied Bioprocessing, Mohali, Punjab who spoke on “Decoding the general mechanism of abiotic stress tolerance in rice”; Prof. Rawiwan Charoensub Vice Dean, School of Integrative Medicine, Mae Fah Luang university, Chiang Rai, Thailand who spoke on “The potential of Thai Medicinal Plants against Viral infection”.
