

## DBT-THSTI announces video making competition for COVID-19 awareness

With the intention of tapping immense creative potential available in the country, and moving ahead with the science education mandate of Department of Biotechnology's autonomous institute Translational Health Science and Technology Institute's Science Setu initiative, the institute has invited college-goers from across the country to participate in the THSTI Video Competition 2020. The three themes the participants will be needed to create content are:

- The science behind COVID-19 and SARS-CoV-2
- COVID-19 heroes
- The Infodemic in the Pandemic

The image is a poster for the THSTI Video Competition 2020. It features a cartoon illustration of a young girl with brown skin, pigtails, and a yellow shirt, sitting and holding a tablet. The background is a textured, light brown paper. The text on the poster is as follows:

**THSTI VIDEO COMPETITION 2020**

Calling all video-making enthusiasts with a thing for science communication to create short videos and explain COVID-19.

You can register if:

1. You study at an Undergraduate college in India
2. You wish to communicate the science underlying COVID-19 and SARS-CoV-2 and tell stories about Corona Warriors.

Things to remember:

1. The video should be less than 3 minutes.
2. Make a high-resolution video. Send it to [socialmedia@thsti.res.in](mailto:socialmedia@thsti.res.in).
3. The video can be made in any Indian language.
4. Top three videos will be awarded.
5. For more details and registration click on: <https://thsti.in/covid>

LAST DATE FOR SENDING THE VIDEOS - 10<sup>th</sup> JUNE 2020
