

## COVID 19 testing at Institute of Life Sciences, Bhubaneswar

Scientists at DBT's ILS, Bhubaneswar have expanded COVID-19 testing at full swing. The institute has received and analysed about 5000 samples obtained from 12 districts of Odisha following all safety precautions by dedicated scientists and students. Director ILS, Dr Ajay Parida was complimented by Chief Ministers' office for the commendable job. The institute has tested 901 COVID-19 samples which contributed to nearly 40% of tests done in Odisha.
