

COVID-related outreach activities at DBT-NCCS, Pune

Dr. Yogesh Shouche from DBT's National Centre for Cell Science (DBT-NCCS), Pune wrote an article on genome sequencing of the SARS-CoV-2 virus was published in the Marathi newspaper, Maharashtra Times, on 6th September, 2020. The article serves to increase public awareness about the DBT's pan-India 1000 genome sequencing initiative, and helps inform them about the significance of sequencing the viral genome, and the outcomes of the studies on viral genome sequences from Indian patients.
