

DBT-RCB signed MoA with Multiplex Biotech Pvt. Ltd and Ayurvedic Research Foundation Ltd to identify the scope of services for the antiviral activity testing against SARS-CoV-2

To meet the growing need for the in vitro antiviral assays for the new drug candidate/test substance (TS), DBT's Regional Centre for Biotechnology (DBT-RB), Faridabad is providing antiviral activity testing against SARS CoV-2 in the cell culture model at a non-cytotoxic concentration of the TS, while Multiplex Biotech Pvt. Ltd. and Siddhayu Ayurvedic Research Foundation Ltd. shall be reimbursing the cost of services.
