

RCB signed a MoA with IISER, Kolkata, to identify the scope of services for the antiviral activity testing against SARS-CoV-2

To meet the growing need for the *in vitro* antiviral assays for the new drug candidate/test substance (TS), Regional Centre for Biotechnology (RCB), Faridabad is providing antiviral activity testing against SARS CoV-2 in the cell culture model at a non-cytotoxic concentration of the TS, while IISER, Kolkata, shall be reimbursing the cost of services.
